

History

Our learning in History this half term will be focusing on scientists and engineers. We will be taking a closer look at the lives of Mary Anning, Marie Curie, George Stephenson, Mary Seacole, Isambard Kingdom Brunel and Stephen Hawking and their importance in our history.

Science

In science this half term we will be exploring Light. We will be learning what light is, how we see objects, the difference between day and night, which materials are reflective, and we will explore how shadows are formed.

Art

This half term we will be focussing on woven wonder – the children will use creative techniques like wool wrapping and weaving and understand the work of artists like Celia Vicuna.

Music

In music this half term the children will be exploring keeping the pulse with the theme my favourite things. They will learn how to keep the pulse together through music and movement by exploring their favourite things.

English

We are going to begin this half term exploring the whole school text called Here we are by Oliver Jeffer – this story focuses on themes of family, love, conservation, health and belonging. As the text is shared the children will go on to explore the Earth's natural beauty and write some non-narrative poetry. We will then move on to the story The Seasaw written by Tom Percival. They will create their own extended version of the text.
