

## Class 2 HOMEWORK Summer Term 1 – 2023

All children are expected to complete the following each week:

1. Spelling – Children will be explicitly taught statutory spellings. Children will also have a selection of words to learn each week at home, which they will be tested on each Monday. Please test or practice these spellings at home as this will further consolidate your children's knowledge of the English language. These spellings are essential for daily writing together with writing / spelling assessments that take place during the year.
2. Times tables – Year 3 children are expected to learn their 2,3,4,5,8 and 10 times tables, Year 4,5 and 6 up to 12 x 12. Knowledge of times tables form a vital foundation for many mathematical topics covered in the year.  
[Times Tables Games \(maths-games.org\)](http://maths-games.org)  
Times Tables Rock Stars – children have their individual log ins
3. Reading – Children are expected to read 5 x per week with an adult. Parents and carers are required to record the reading by writing in their reading records.

**Homework projects / spelling / times tables:** Activities and projects will be set half termly. Homework tasks consolidate learning taking place in school. Studies have shown that home learning can be extremely important in a child's cognitive development.

The children will get more out of the homework projects if they apply themselves correctly and these are designed to encourage creativity.

Project homework tasks are for EVERY child to engage in. Choose **one** task to complete this half term.

**Please bring your projects into school by Wednesday 24<sup>th</sup> May ready for sharing with parents and friends on Friday 26<sup>th</sup> at 8.50am**

Thank you for the ongoing support with your child's home learning,  
Mrs Dickinson.

## Project 1 – Science

For this project, I would like you to use your learning about raw and synthetic materials to make recycled paper – be creative and add different colours and items such as leaves, petals, sequins into the process to decorate your paper or have a go at writing on your finished product.

## Project 2 – Art

For this project, I would like you to create your own piece of art or sculpture in the style of Pablo Picasso to compliment our English learning where we have studied his biography and work.

## Project 3 – History

To link with our learning about the Vikings I would like you to make a labelled 3D model of a Viking longboat. This model can be made out of any medium – cardboard, clay, papier mache or recycled materials.
