

## Art/DT

In art we will be developing our skills at blending and making colours and use this in our portrait work to create an image of myself. In DT we will be designing and making our own mosaics to link with our history study of 'What did the Romans do for us?'

## Science

This half term our science is all about keeping healthy. We will be identifying the components of a balanced diet and what is meant by nutrition, investigating the benefits of exercise and learning about the effect of drugs, tobacco and alcohol on the body.

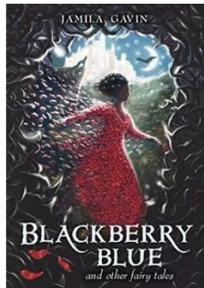

## Humanities- History Focus

During this half term we will be conducting an historical enquiry looking at the impact of the Romans in Britain using the question overarching 'What did the Romans do for us?'

## English

We are exploring the features and elements of traditional fairy stories and using how these have been adapted into a modern version with diverse heroes and heroines to write our own.

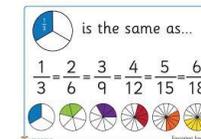

## Class 2 Curriculum Overview

Spring Term 1 2020

*Nurture, Inspire, Achieve*

## Maths

Spring starts with tackling multiplication and division using manipulatives, images, quick recall of times tables and written methods. We will also be looking at using the inverse to check calculations before moving on to fractions.

## SMSC (Social, Moral, Spiritual and Cultural education)

Our lessons this half term will be all about keeping safe and managing risk in a variety of different circumstances including drug, alcohol and tobacco use and misuse.

### Computing

Now we have our fantastic new Chromebooks up and running, we will be exploring creating our own coding using scratch.

### RE

We will be following on from the Creation story and looking at Judaism.

Please talk to your child at home about their learning in school and encourage them to do Home Learning. Do ask if you have any queries about any of your child's learning.

Many thanks for your ongoing support,  
Mrs Dickinson.

## PE

We are very excited about our Tuesday afternoon swimming lessons this term. Those of us who are not yet swimmers will be developing water confidence and taking our first unaided strokes across the pool. Those of us who are already swimming will be improving our technique and challenging ourselves to swim further than before and begin to develop lifesaving skills.
