

12th July 2022

Dear Class 1 Parents,

Class 1 have once again demonstrated great learning attitudes and behaviour in class and have earned enough stickers for a whole class reward. They have requested a 'Wheelie Day', whereby they can bring in something with wheels! We have discussed in class what this means, and we all agreed that there might not be space for actual bikes and no to skateboards or roller skates.

Our ideas for what the children might like to bring in, if allowed to by home and are not too precious are:

- Scooters (we have some at school too)
- Remote control cars
- Toy cars

If your child would prefer not to bring anything in or does not have anything with wheels, then we have reassured them that there is plenty in school to share.

We will put some time aside for this reward on **Tuesday 19th July** and all items will go home on the same day.

Many thanks for all your support,

Class 1 Team
